REPORT AFTER THE TRANSMISSION CEREMONY

As the great Initial Flame of Truth was breathed in by the assembled Brotherhood, qualified by the full-gathered cosmic momentum of Truth within Their consciousnesses and directed forth on the breath toward Luxor, It became greatly increased in both size and brilliance. The entire locality was so brilliantly lighted by Its Presence as It took Its course around the Eastern and Western Hemispheres and back to Its starting point that Its current Path was indistinguishable in the great White Light that was world-engulfing with each revolution.

In the meantime, the procession of the sages, saints and teachers had begun its slow movement, and the first of the great leaders had taken his place before Hilarion. It was wonderful to see; as the Cosmic Flame of Truth touched His consciousness, the beams of Light going out into the students who had, at any time, contacted that individual or His teaching, and this same activity repeated itself through each of the others as they stood before the Flame of Truth.

The entire activity took place and still continues pulsating with the lovely melody held within the hymn: "Onward, Christian Soldiers." If you could hear that hymn sung by the Angelic Choir accompanied by the beautiful voices of the Ascended Masters, you would understand what a stirring vibration of Truth that song sets into motion.

I cannot emphasize too much that this month holds an opportunity to receive more of Truth, and in Its receiving, to become an open door for Its dispensing. I thank and love and bless you.

****

Beloved Ones:

This morning I come to you very informally to bring the Love and the Radiation of My Friendship, My Association, and My Presence.

Do you know that when the Masters choose to speak to you, through the energy of your own electronic stream of light, there flows a permanent substance which is part of Our own Life and which actually qualifies the electronic flow from your own Presence with Our Consciousness, Our Feeling, and the Qualities which We are privileged to express in this great Universe?

For the period of time that your attention is upon Us, you feel the comfort of that Qualification by the Master, and you experience for that time something of your own natural feeling when you become master of energy. The upliftment, the peace, the radiation which earnest and sincere men and women and children have felt all through the ages when they touched the hem of the spiritual garment of some Master Presence of Life was just a foretaste of the natural activity which the God-Parents of the race desire for every soul evolving on the planet.

Sometimes people become despondent because, after such an exhilaration of consciousness, they revert back again into their own mental and emotional turmoil, but each time We come; each time you partake of that Holy Communion, it will be-

come a little easier for you to recreate consciously and at will that same happy comfortable feeling that you experience in Our Presence. Perhaps I should qualify that by saying - which any lifestream receives when he accepts Our Presence.

I have witnessed great congregations gathered together to worship and find God through many ages. I have witnessed the diversified consciousnesses that make up such a worshipping body, seeing clearly the motive that has drawn the individual to that place, and I have seen the outpouring of the spiritual force from whatever Master Presence had been invoked as the Patron. I have also noticed that the benefit which each individual member of the congregation received depended upon the acceptance, within the feelings and intellect, of that Master Presence. Some have gone away from such a place renewed and revivified; others have gone away empty. That is one of the questionable gifts, let us say, endowed upon the individual in the use of free will, for neither the Gifts of God nor His Messengers; neither the Peace nor the Healing, nor the Comfort of the worded expression can intrude unless the consciousness of the individual opens the door and will accept it.

That is why We are doing everything possible to make you feel that We are actually living breathing Beings who have been the Guardians and Protectors of this Earth for such a long period of time. That is why We are so filled with gratitude for every opportunity that will bring to the attention of mankind something of the service which the Celestial Hierarchy renders - those Great Personages who have chosen to embody the

Virtues of God and from Whose Lifestream emanate those exquisite feelings which mankind seek within themselves and which they think would represent happiness, security, or Heaven.

The other evening, I was sitting with My [illegible] loved in Our Home in Ceylon, and I had just received from those messengers who have been entrusted with that particular facet of service, the letters written in sincerity and kindness by hundreds of people here in your Western H sphere. I do not believe that I could describe to you the happiness within My Heart at this phenomenal acceptance of Myself as a tangible, conscious and intelligent Being who is as easy of access as a father, or a brother, or a frie

You see, My service, up until the last few years, has been very remote from the consciousness of the average man. I relied almost entirely upon My Chohans and Their accepted chelas to draw the consciousness and understanding of the people up to a point of adeptship when they became Master of all but the most subtle vibrations, and then I would only have a 'passing acquaintanceship' with the individual lifestream.

Suddenly, in an almost unbelievable manner, considering the many thousands of years such an event was hoped for, the Western mind has accepted the possibility of reaching the hearts of those of Us who live beyond the veil.

Every word and every line in every letter written through the physical substance and energy of some sweet, earnest, trusting and sincere heart, impressed on each emotional body - on the substance of the mental world and written into

the etheric consciousness of the lifestream - I READ MYSELF - and back on the flow of that energy, once each month, I direct the Substance and Flame of My own Presence, and it follows the same course, pressing through the etheric body, the mental, the emotional and the physical garments of the writer.

Now when a man pens his word in mind alone, the return current from My World, returning to its causative center, blesses the mental vehicle. When the gratitude or blessing flows from the emotional body in an upflow of praise, the return current blesses the emotional body, but when all of the bodies are incorporated in the physical act of joining the energies of the Electronic Light of the lifestream, the return current from My Heart flows through them all.

Order and system comprise the First Law of Heaven, and an exact mathematical precision, one might say, is essential for those of Us who govern energies by which planets and evolutions are sustained, and We will never ask of any man something that does not have an absolutely scientific reason which will bless the lifestream if he will comply with Our request.

My Beloved and I sat for a long time that evening just talking informally and thanking God that man is now so consciously interested in Truth. It is lovely, you know, to address great numbers of people and exhort them to greater endeavors to serve God; to assume their natural God Nature; and to externalize the Qualities of the Holy Spirit, but, you know, I enjoy most drawing close into the feelings of the few who are My Heart Friends and picturizing for you the

activities which prove that We, too, are individuals who share companionship and friendship, and who have to evolve out of unexpected circumstances, like the present one, new methods to bless and help the race.

Wishing you, each one, a Holy and Happy Thanksgiving, may the Comfort of the Holy Spirit enfold you and all mankind in Its embrace of Love and Light.

Blessings and Love,

MAHA CHOHAN
